Materiály jsou určeny pro bezplatné používání pro potřeby výuky a vzdělávání na všech typech škol a školských zařízení. Jakékoliv další využití podléhá autorskému zákonu.

INVESTICE DO ROZVOJE VZDĚLÁVÁNÍ

The natural world

Name 10 domestic and 10 wild animals.

Can you give examples of amphibians, reptiles, mammals, insects and birds?

What is your favourite animal? Why? Describe it. What do you know about it?

Have you got a pet? If yes, what is it? Is it demanding to look after it? If not, which pet would you like to have and why?

Can you give examples of how people mistreat animals?

If you could reincarnate into one animal. Which animal would it be? Why?

What garden and wild flowers do you know?

Do you agree with testing on animals? What are the pros and cons ?

Can you name any endangered species? What can be done to protect them?

Have you got a garden? What do you grow in your garden?

What do you think about Zoos? Are they a good thing?

Can you think of five environmental problems?

Which deciduous and coniferous trees are there near your house?

What is global warming? Do you think that it's people who are responsible for it?

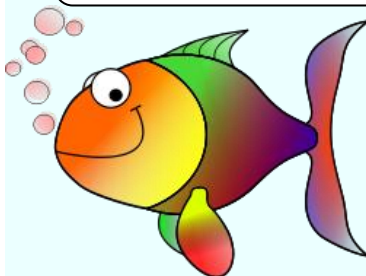

What parts do plants and trees consist of?

Which natural disasters can you think of? Are they more frequent nowadays than in the past?

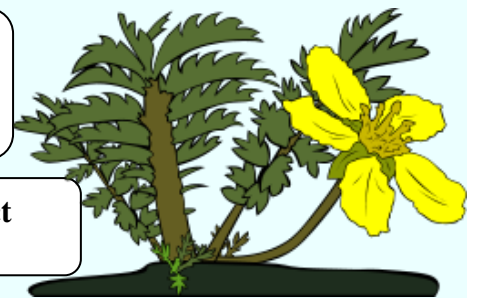

How often do you go to the countryside?

What natural beauties can be found in your country?

Can you describe your last trip to the countryside or to the mountains?

What can you personally do to protect the environment?

Good luck !

Teacher's notes

Exercise 1 - Discussion

Students discuss the questions on the worksheet in pairs, groups or the activity can be handled as a whole class, teacher-centered discussion. Students can also mill around the classroom and ask different classmates. Another possibility is to pair the students and let them stand in two lines facing their partners. The teacher asks a question and students discuss it in their pair. Next, students standing in one line move one neighbour to the right and discuss the next question with their new partner and so on..

Animal alphabet

Students work in pairs and try to write the names of animals as quickly as possible. The first pair to finish wins.

Answer key :

ant, bear, camel, dolphin, emu, fox, giraffe, hedgehog, ibis, jellyfish, kangaroo/koala, lizard, mosquito, newt, octopus, peacock, quail, rat, squirrel, toad, unicorn, viper, wolf, yak, zebra
